## Workflow

The North Eastern Council is the nodal agency for the economic and social development of the North Eastern Region which consists of the eight States of Arunachal Pradesh, Assam, Manipur, Meghalaya, Mizoram, Nagaland, Sikkim and Tripura.

NEC funds the implementation of different schemes and projects in NER.

Once the project is approved for financial support, the funds are released in installments of the approved project cost based on the availability of budget.

When the fund is released and utilized, Utilization Certificate (UC) is to be submitted in the form of GFR 12-C specifying the amount that has been utilized for the concerned project.

The subsequent installments will normally be released on submission of UCs (for both NEC and State Share in case of major head 3601-Grants to State Governments) for the previous release.
